

Warranty Granite Composite Sink

AmeriSink carries a Limited 1-year Warranty on Sinks to be free of manufacturing defects under common use. For this warranty to be effective the user must inspect the sink on delivery and notify AmeriSink within two weeks from the purchase date of any initial defects caused by manufacturing or transportation methods. Claims for initial defects will not be honored after this period.

AmeriSink will replace without charge (excluding labor) any Granite Composite Sink that is proven to be defective, to the original owner, provided it has been used solely in a household application and installed in accordance with the installation Instructions, not damaged due to misuse, abuse or negligence, cleaned and used as recommended and as usual for a kitchen sink.

Customers have to provide photos and the so-called A-number (to be found on a sticker on each sink's back) before AmeriSink can start checking the claim.

Prior to replacement, AmeriSink has the right to inspect any complaint sink. Replacement costs do not cover transportation and any labor costs for removal, reinstallation or worktop defects caused by dismantling the sink. Made decisions are final decisions.

Defects which are covered by the Warranty:

- Surface blemishes
- Bubbling
- Thermal cracking
- Inconsistent color within the sink

AmeriSink shall not be liable in case of:

- Shipping or Freight damage
- Damages due to wrong installation or misuse or abuse, e.g. too hot pots on the sink
- Incorrect drilled holes

- Use-related scratches and marks
- Common signs of wear
